

Rubbish Removal - WE DO THE WORK

Robert's Rubbish Services provide fast, professional **removal of rubbish** for your home or office. We service the

Melbourne

metropolitan area

. Robert's Rubbish Services will send a friendly team and vehicle around to your location of your rubbish that is designated for removal, load it and take it away for you.

In most cases this can be done for around the price of a skip bin. We also clean up the area once the job is complete as if the rubbish problem was never there...

RESTRICTED ACCESS SPECIALISTS

Do you have difficult or **restricted access** to the **rubbish you need removed?** Our utility vehicles give us easy access to tight laneways and other

restricted access

areas where larger vehicles or bin hire trucks would not be able to service the **removal of your rubbish.**

BEFORE YOU HIRE A BIN, READ THIS!

Hiring a skip bin is a messy business. There can be access problems as well as permit costs and then you have to load it yourself.

Skip-bin hire companies are these days becoming picky about what sort of rubbish you put in their bins, and want you to avoid mixing certain types of rubbish.

WE load your rubbish onto one of our vehicles and take it away for the price of a bin in most cases.

With us there is NO TIME-WASTING, NO PERMITS REQUIRED, and WE DO THE WORK!

RESPONSIBLE WASTE REMOVAL SERVICE

Only **accredited waste transfer stations** are used by **Robert's Rubbish Services** to dispose of your waste and is recycled where possible. We are passionate about **responsible waste removal** and we promote sustainability as a part of our policy.

We remove computer equipment, furniture, white goods, cardboard, polystyrene, paper, household effects and other non-hazardous waste

NO JOB TOO BIG OR TOO SMALL

No job is too big or small for us to deal with the removal of your rubbish. We bring a trailer or truck to your property and get the rubbish out of your life without you needing to lift a finger, so take the hassle out of your **rubbish removal problem** and get a [FREE, NO OBLIGATION QUOTE NOW!](#)
